A new residential building is currently under construction, offering 11 units for sale with modern amenities and an elevator. The apartments are situated in a prime location and are designed to offer residents a comfortable and convenient living experience.

There is an 88.16m2 apartment for sale on the ground floor. It comprises an entrance hall, living room, kitchen and dining room, bathroom, guest toilet, three bedrooms, and two terraces. The apartment will feature electric underfloor heating throughout, and the first phase of installation of air conditioning units will be completed. Additionally, electric shutters will be installed in the living room and dining room, and mosquito nets will be fitted on all windows. The price includes two parking spaces and a garden of approximately 60m2.

This apartment offers several advantages, including proximity to essential facilities for daily life, a peaceful location, and easy access to the sea and the town center. Furthermore, the construction quality is of a high standard. The buyer is exempt from paying real estate sales tax.
