A charming detached stone house is for sale, which was completely renovated in 2023, just a few minutes drive from the city of Poreč and beautiful beaches.

The house has 60 cm thick stone walls and traditional wooden beams. It is spread over two floors, the ground floor and the first floor.

The ground floor encompasses a kitchen with a dining area, a living room, a bathroom, a boiler room with laundry facilities, and a bedroom.

Internal stairs lead to the first floor where two bedrooms, each with its bathroom, are situated.

Externally, the property offers a swimming pool, a lawn adorned with Mediterranean flora, a century-old olive tree, a covered summer kitchen featuring a fireplace and dining area, and parking within the elegantly landscaped garden. All rooms are outfitted with air conditioning for cooling and heating, alongside electric underfloor heating.
